

Design and Supervision Fee (Tax excluded; note that this is an approximate estimation)

Construction cost	Design and Supervision Fee
500,000 yen	100,000 yen
1,000,000 yen	200,000 yen
3,000,000 yen	500,000 yen
5,000,000 yen	700,000 yen
10,000,000 yen	1,000,000 yen
More than 10,000,000 yen	10%

- The quotation is based on the above estimates.
For the construction site outside of the central area of Kyoto City, an additional fee is possible for both new construction and renovation work.
- For a new construction, the following additional fee is possible:
 - 1) Building certification application fee, Examination fee (at intermediate/completion)
 - 2) Ground survey fee
 - 3) Any other necessary costs or expenses required for the construction work
(Including but not limited to structural calculation documents for the building certification application)
- When we buy and transport goods such as furniture or equipment on behalf of our clients, the handling charge is required which is 20% of the purchased product price. For the furniture we deal with however, no handling charge is required.
